NEA is hosting a National Call to Action Demand That Congress Take Additional Action

Join NEA President Lily Eskelsen Garcia and some of the nation's leading voices advocating for students, educators, and public schools on a national webinar addressing the devastating impact the COVID-19 pandemic poses to public education.

On Wednesday, May 6, from 6 to 7 p.m. CT and will feature Michigan Governor Gretchen Whitmer and U.S. Representative Rosa DeLauro (CT), Chair of the Education Funding Subcommittee.

NEA is launching a national campaign to demand Congress fill lost state and local revenue with at least \$175 billion dedicated to public education. We also want them to help close opportunity and equity gaps widened by the crisis and provide the necessary resources for personal protective equipment (PPE) for all educators and school staff who interact with students and their families.
