SPEAKING TRUTH TO POWER

"Never a Failure. Always a Lesson."
We are in this for the long haul. We have no other choice. Our students are counting on us, as we are them. They are in it to win it. And we have the responsibility to guide and lead their spirit of humanity into the future for all.
The Future 'is' Bright!!!

*** NEVER DID ANY OF US THINK WE WOULD GO THROUGH A PANDEMIC. I PRAY THAT EACH AND EVERYONE OF YOU AND YOUR FAMILIES ARE STAYING SAFE AND HEALTHY. AND THAT YOU KNOW WE ARE ONLY A MOMENT AWAY IN OUR VIRTUAL REALITY.**

"WE'RE IN THIS TOGETHER"

The AFT/American Federation of Teachers has purchased lifesaving personal protective equipment for our members, in response to the steady plea for gear. This will help to keep them safe as they protect, feed, educate, engage and care for the American public. Our Union has launched numerous lobbying, advertising, petition and demonstration efforts to help. But the need is still urgent. To meet this need, over the last six weeks, Our Union has purchased 500,000 N95s, 50,000 face shields and more than 1 million surgical masks from 3M and additional overseas manufacturers to help protect our members fighting the COVID-19 pandemic.

We teach. We fight. We Win.

Great Professional Development Opportunities for Teachers this summer. Interested??? Be on the lookout for more information to come. Instead of a smile from behind that face mask, try giving that heart sign to people you see. Human Contact is a part of our very psyche but so is human acknowledgement. I challenge you to try it this week and let me know how much more your heart is filled.
