Know YOUR Rights

Of all the rights afforded to you in the collective bargaining agreement between your local union and your school district, perhaps the most important one is the right to a safe and healthy workplace environment. This is especially true as schools make plans for re-opening in the fall. Under no circumstance should you waive that right! If you are asked by your administrator to sign a health waiver to return to work, **do not sign the waiver.** Instead, contact your local union office immediately.
