*Well folks its hard to believe next Friday, May 22, 2020 school will be out for the summer for our students. It has been quite a ride for everyone in our School District. I appreciate you all and your support of OUR Union. You have allowed me to come into your lives albeit (virtually) and I Thank You. Through our weekly texting I have heard from so many of you with concerns going forward into the next year. I would like to hear from more of you. I encourage you to email me with those concerns. Be careful with the rumors going around. Bring these concerns to your Union. If I do not have an answer for you, I will get one.*

*Your Union will be working tirelessly over the summer to ensure the safety of all ESP's in our District. As Federal/State and Local orders come out over the next few months we will be monitoring and adjusting plans accordingly. Our #1 focus begins with the health and when it comes time to return. All ESPs need to know we will be looking out for them. The old "normal" is out. We will have to make adjustments in our lives that will take us out of our comfort zones.*

*Please stay in touch with your Union by visiting our website for up to date information. Here we will have the latest news, links, and information on what is happening both locally and at the state level.*

**Be SAFE! Be SMART! And Be BACK this fall!**
